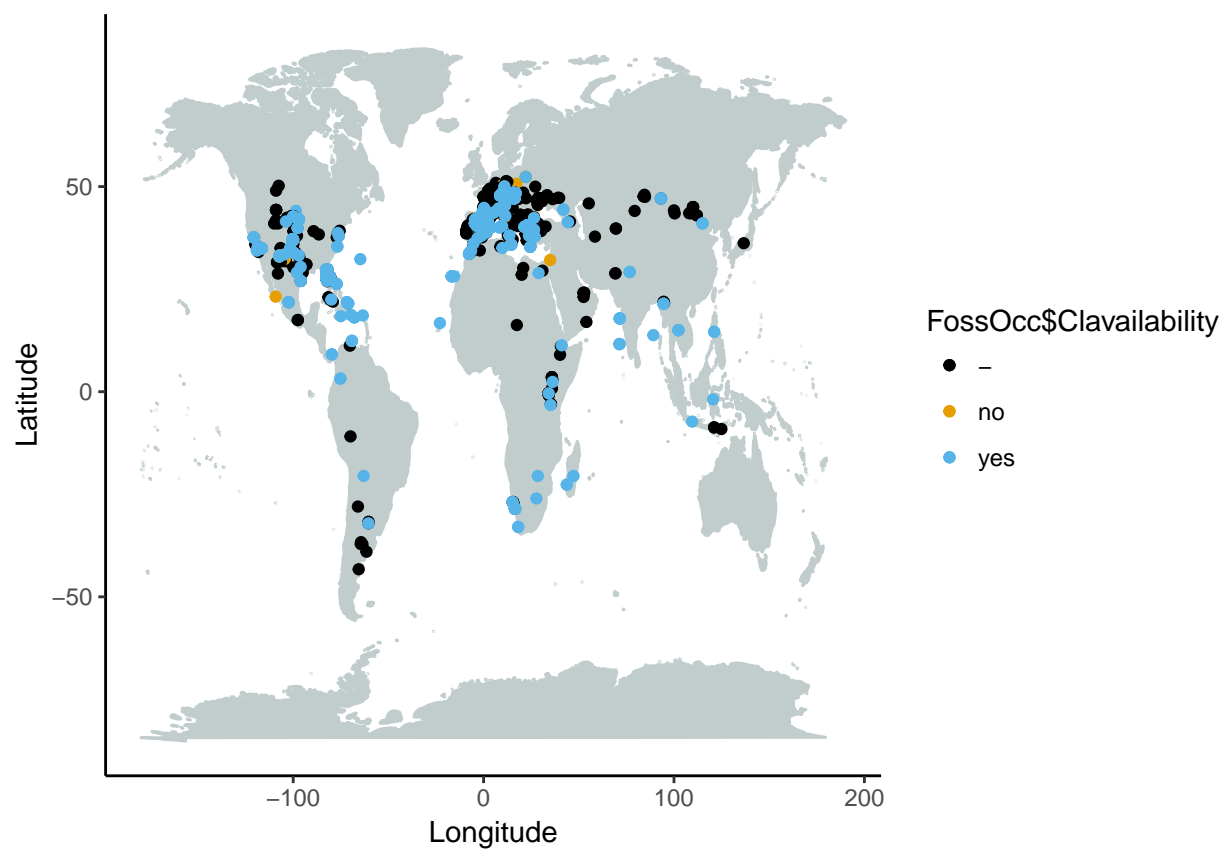

Figure 1: Map displaying all fossil occurrences of testudinids, with color indicating whether relevant literature was available (black if not) and if it was, whether body size data was available or not (yes and no, respectively).

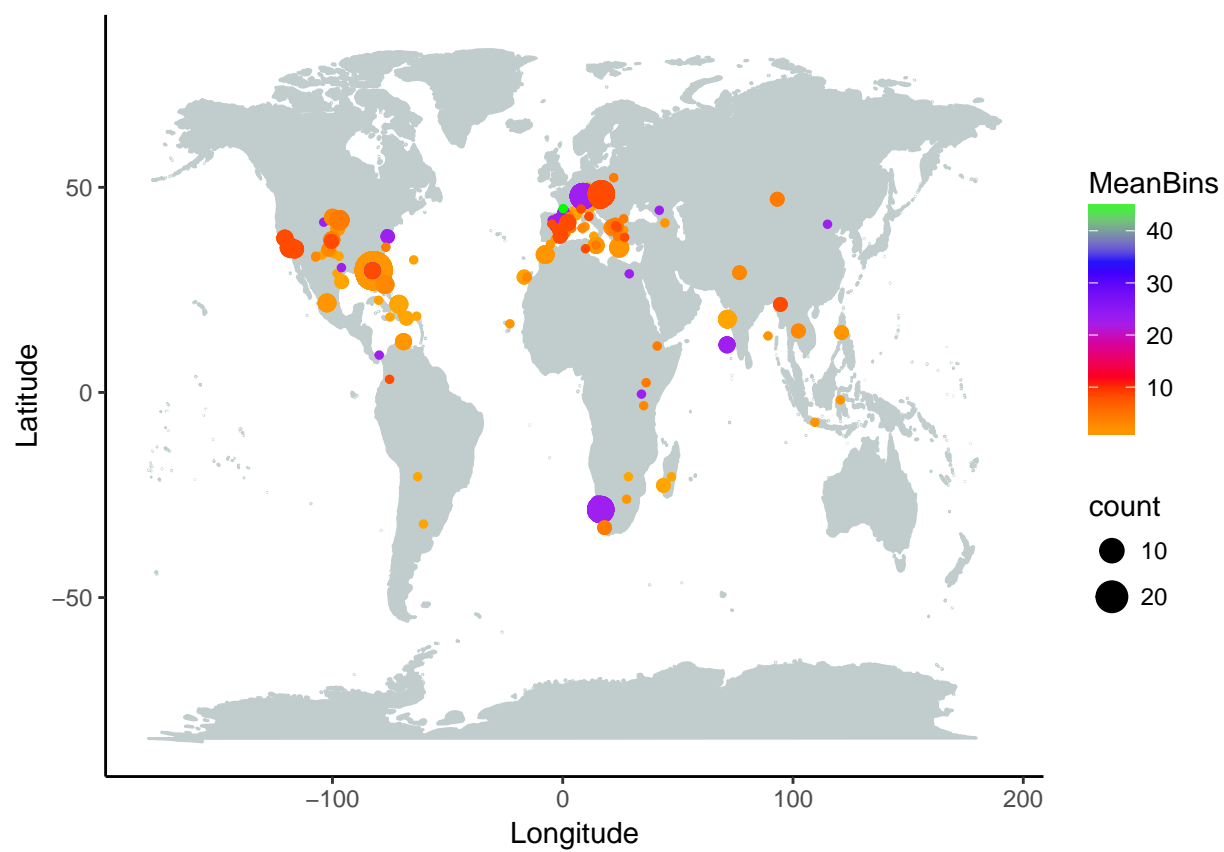

Figure 2: Map displaying all localities for which body size data for testudinids was available in the literature. Size of points denotes sample size, color denotes approximate age.

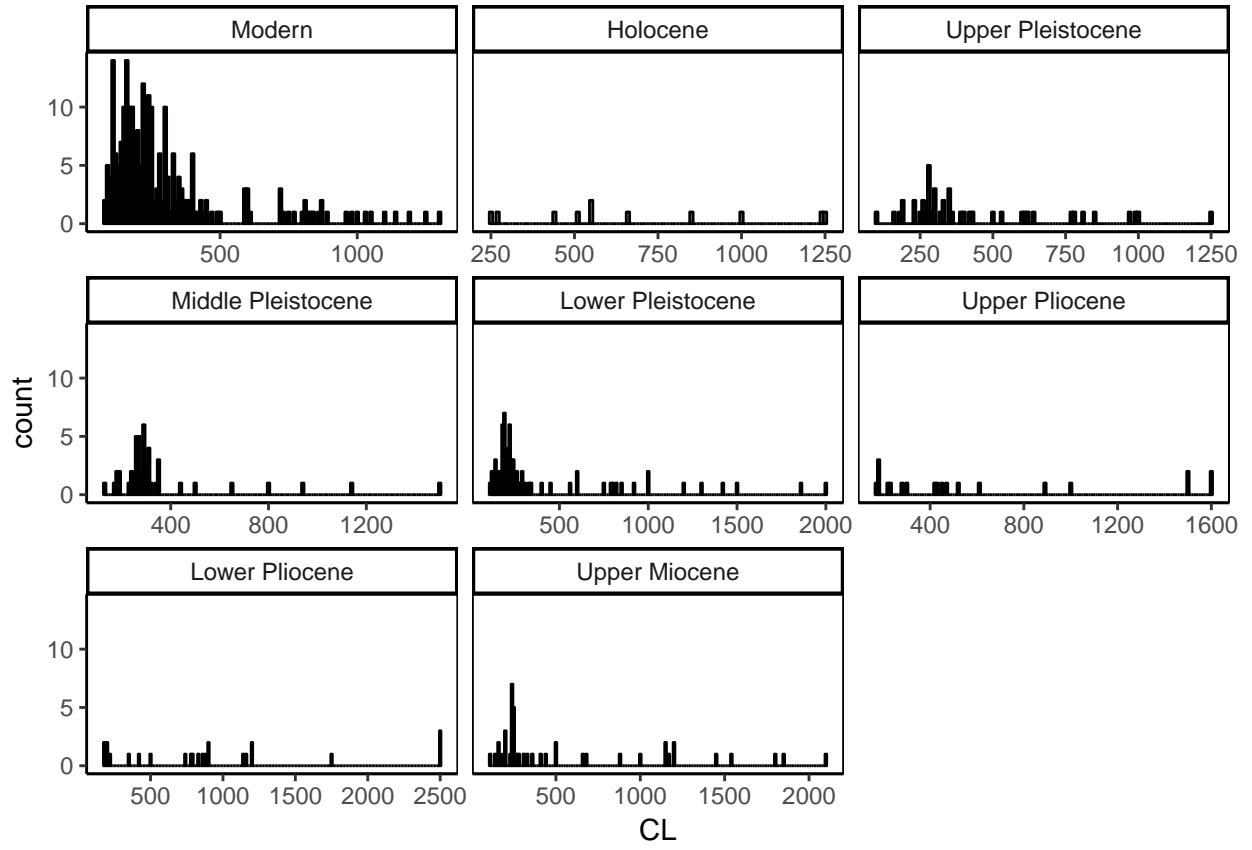

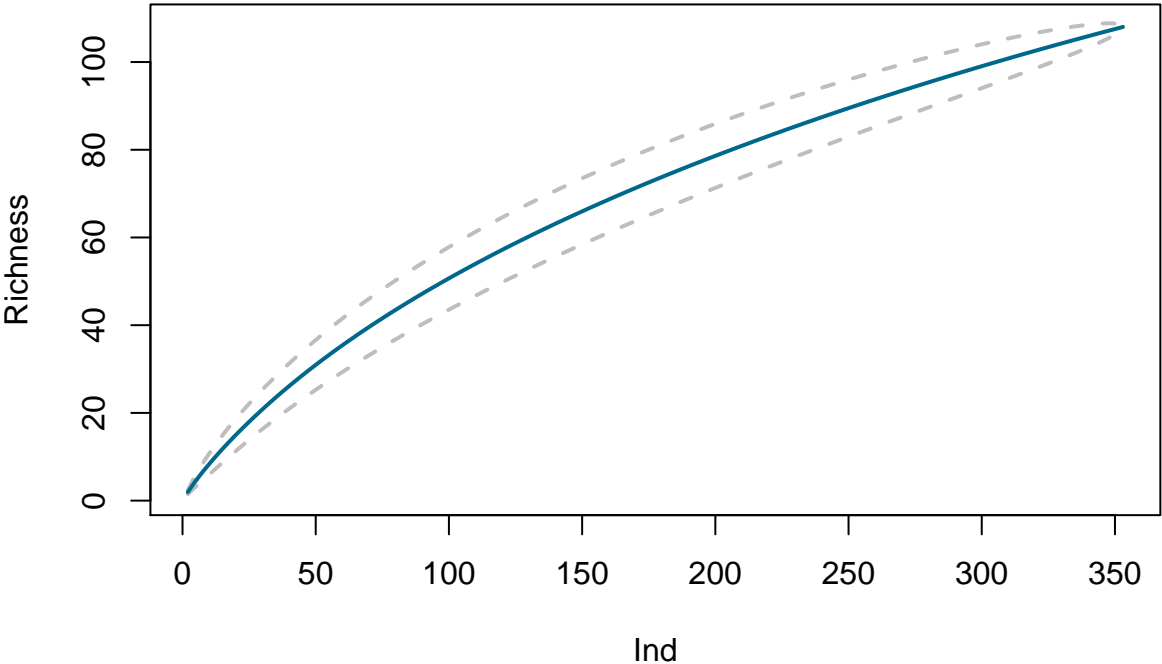

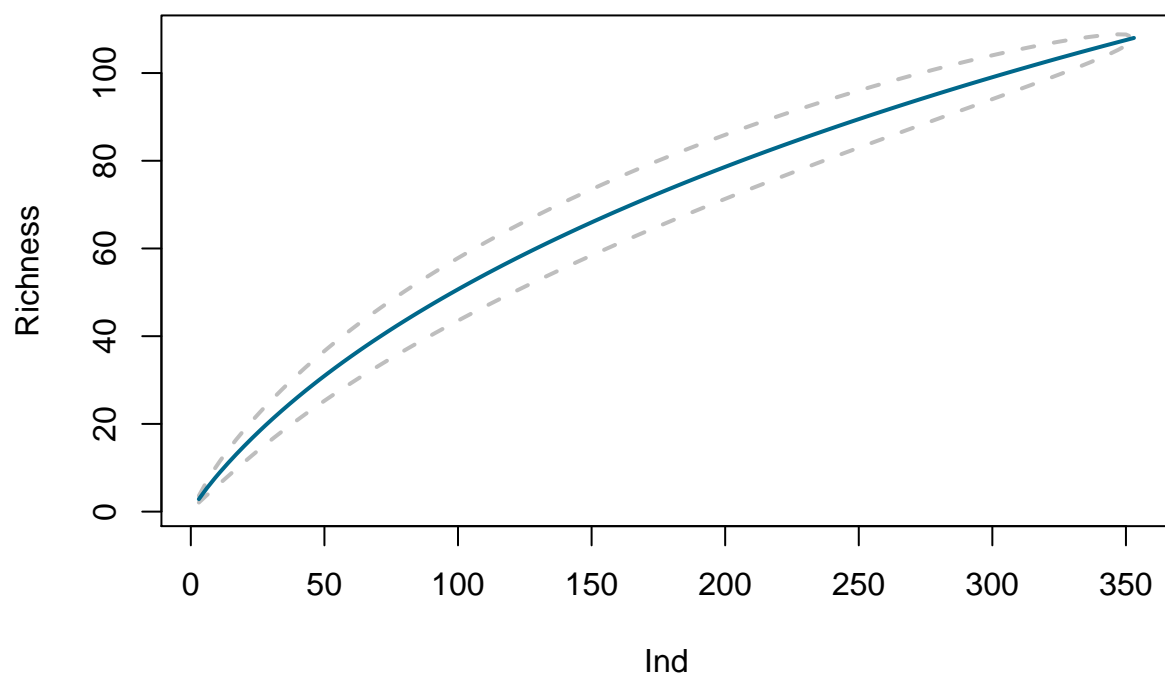

Figure 3: Distribution of body site data per time bin

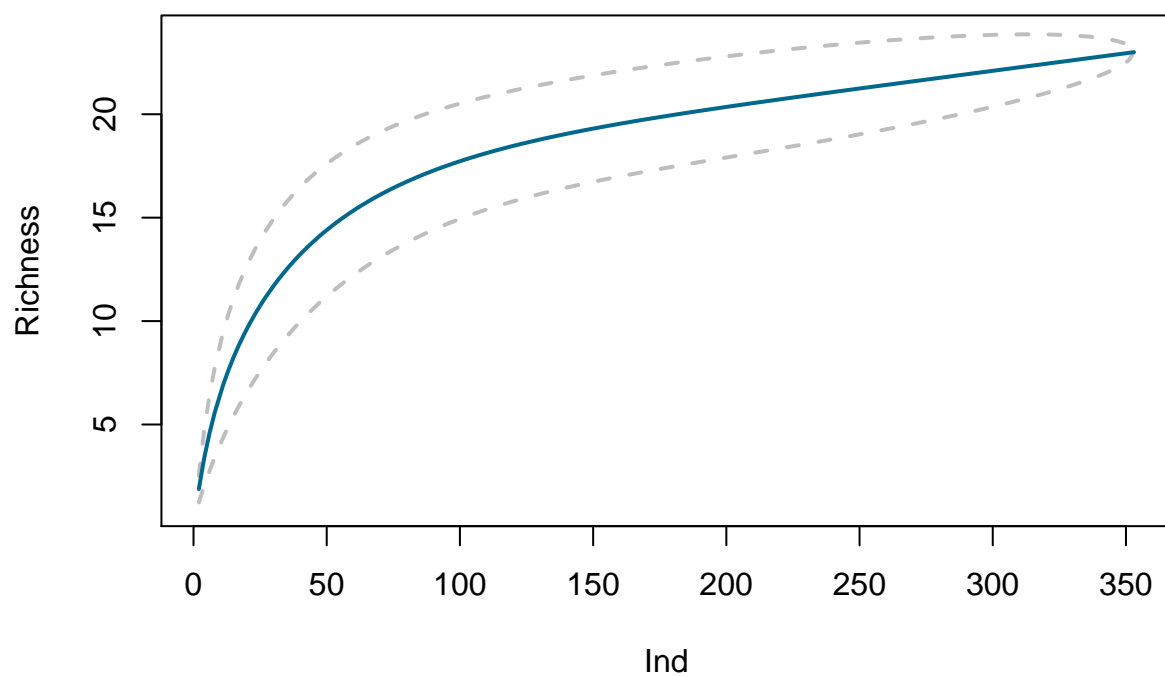

**Fossil species, CL, per Locality**

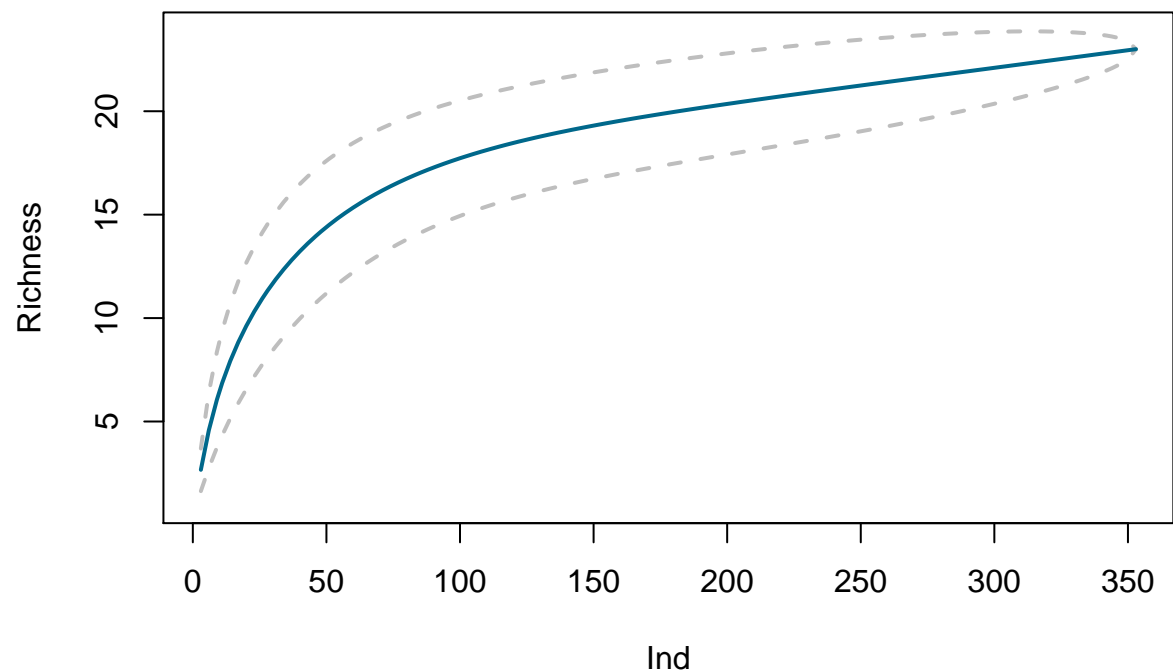

### Fossil species, CL, per Reference

**Fossil genera, CL, per Locality**

Fossil genera, CL, per Reference
